

### COAL MINERS VOTE 8 TO 1 ON WALKOUT

READY TO STRIKE IN SOFT  
COAL FIELDS ON  
SATURDAY

WASHINGTON, March 29.—(UP)—By the overwhelming vote of 8 to 1, the nation's 400,000 soft coal miners advised the government today that they are ready to strike if their new contract demands are not granted in the next two days.

The strike notice, expressed in a nationwide poll conducted by the National Labor Relations board, sharpened prospects for early government intervention in the dispute to prevent a work stoppage when the present contract expires at midnight Saturday.

The NLRB announced that complete returns from the poll showed that 208,718 miners favored a wartime strike, and 15,156 opposed it, as a means of enforcing their wage demands. A total of 311,281 miners were eligible for the balloting. Of that number, 236,418 voted, with 158 ballots declared void and 262 challenged.

The final results were sent to President Roosevelt as required by the Smith-Connally Anti-Strike Act, under whose provisions the \$300,000 poll was conducted.

### ROTARIANS HEAR MUSICIAN WINNERS

Under the able direction of Miss Ruth Dickson, Greencastle high school musicians entertained members of the Greencastle Rotary Club at their weekly luncheon meeting on Wednesday. The talented high school musicians, winners at the annual contest in Terre Haute, gave local and musical selections for the entertainment of the Rotarians. Those participating were: Cleve Hickman, saxophone, Glen Palmer, French horn, Richard Palmer, cornet, Gerald Thomas, tuba, Miss Marcia Hamilton was the accompanist.

Mike Tzouanakis was introduced as the Junior Rotarian for the coming month.

### SPRING VACATION

School children of Greencastle are enjoying their annual Spring vacation. Classes were dismissed early Wednesday afternoon and will not resume until Monday morning.

### CRASHED INTO BUS

A couple of "Rocky Forkers," Elmer Mosteller and J. Gerald Pruitt, are in the Clay County Jail awaiting arraignment on charges growing out of their alleged reckless driving while on a drinking spree during which their car crashed into the side of a big Greyhound bus early Tuesday morning at National and Murphy Avenue in Brazil. Mosteller, who is an old offender and Pruitt recently discharged from the Army, were in a car headed south on the Morans Crossing Road. It is reported that the men failed to check traffic at National Avenue before driving onto the through street, and crashed into the big bus, doing extensive damage. The bus was able to go on its journey but the side was bent and torn. Mosteller is charged with intoxication and Pruitt with leaving the scene of an accident without reporting. Brazil.

### 20 Years Ago IN GREENCASTLE

Local visitors in Indianapolis included Miss Catherine Tillotson, Lester Blue, Miss Eva Hancock, Miss Florence Stringer, Ralph Allen.

Jafes Rubush was in Cincinnati, O., on business. Harold Stewart returned to school at Terre Haute. Mrs. Charles Cooper was hostess to the Progress History Club.

### GETS SON'S MEDAL

STOUT FIELD, INDIANAPOLIS.—Mrs. Daisy F. Goodman, 7 West Poplar Street, Greencastle, Ind., is shown (above) receiving in behalf of her son, Sergeant Donald R. Goodman, the Air Medal with one Oak Leaf Cluster.

Capt. John F. Moran (above) pins the posthumous award on Mrs. Goodman in a chapel ceremony at Stout Field, headquarters of the I Troop Carrier Command.

Sgt. Goodman, 20, was killed while participating in aerial fights over enemy occupied continental Europe. He was an aerial gunner on a B-24 bomber. Sgt. Goodman was a graduate of Greencastle High School where he starred in basketball.

Mrs. Goodman has four other sons serving in the armed forces. Sergeant Cecil Goodman is serving in England with the Army Air Forces; Sergeant Robert Goodman is in France with the infantry; Staff Sergeant Lloyd W. Goodman is with the infantry in the Philippines and Corporal William Goodman is also in the Philippines with the U. S. Army Engineers.

### MENTAL PATIENTS GO BACK TO EVANSVILLE

LOGANSPOUT, Ind., March 29.—(UP)—The transfer of mental patients from the Logansport state hospital to the rebuilt Evansville state hospital was in operation today.

Thirty-three inmates were returned by bus to the pocket city institution yesterday after more than two years of temporary confinement. They were brought here in February, 1943, when fire destroyed the Evansville hospital.

Still cared for here are 311 other Evansville patients.

One of them is Mrs. Maud Lucas Ott, who is said to have confessed starting the fire which destroyed the downtown hospital. Mrs. Ott was a hospital attendant at the time of the fire. Authorities said that Mrs. Ott likely would be returned to the Evansville hospital because she was a southern Indiana resident. Her home was at Jasper.

### '46 AUTO PLATES WILL BE SAME AS PRESENT

INDIANAPOLIS, March 29.—(UP)—Hoosier motorists learned today that their 1946 auto license plates will be the same as this year's—and only one tag for each vehicle.

Double plates must wait until steel is more plentiful, Assistant Director H. Dale Brown of the Indiana Bureau of Motor Vehicles said. The colors, he added, will be gold numerals on black. Those are the Purdue University colors.

Originally, the state planned to resume the two-plates-per-car plan. The War Production Board allotted 792 tons of steel, tentatively, for their manufacture. Recently, however, the quota was reduced to 375 tons, Brown said.

### DONKEY BASKETBALL

There were more than ten donkeys on the floor late in the donkey basketball game played at the high school gymnasium Wednesday evening. Police officials finally quelled the near riot and the evening seemed to have been a complete one for those seeking "thrills." Some 1200 to 1500 people witnessed the game, sponsored by the junior class of the high school.

### CEBU'S BURNED CAPITAL TAKEN BY AMERICANS

PUSH NORTHWARD WITH  
LAHUG AIRFIELD AS  
OBJECTIVE

MANILA, March 29.—(UP)—American troops captured Cebu's burned and blasted capital city and speared northward today in a drive that may have overrun the Lahug airdrome.

Cebu city, second largest city in the Philippines, fell to units of the American division which advanced five miles in one day and outflanked elaborate Japanese pillbox fortifications on the capital's western approaches.

The city, once one of the most beautiful in the archipelago, was damaged nearly as badly as Manila. Demolition fires started by the Japanese when the Americans landed Monday, practically wiped out the business district and many residential sections.

The port area was reportedly found undamaged, however, and the excellent harbor, second only to Manila, will be able to accommodate shipping and naval vessels almost immediately.

The flanking maneuver by the Americans again caught the Japanese off guard and the enemy hastily evacuated well-placed pillboxes and buried tank defenses as the troops entered the city from the north and northwest.

Gen. Douglas MacArthur's communique said the conquest of the capital city was achieved with relatively light casualties. After occupying the city, the American units immediately started toward the Lahug airdrome, one mile to the north, under cover of fighter-bombers from the 13th Air Force.

With the Japanese defenses disorganized and the planes blasting a path ahead, the U. S. forces may already have seized the airdrome with its two flying strips.

A Japanese midget submarine attempted to flee Cebu's harbor Monday night, but was caught by a P-T boat and damaged so badly it was believed to have sunk.

The communique disclosed that an enemy plane attempted to bomb the landing beaches at Talisay, five miles south of Cebu city, Monday night but failed to cause any damage.

American bombers and fighters again raked the remaining Japanese positions on Luzon, in the northern Philippines, in support of the ground forces. The attacks were centered around Baguio, former summer capital in the north, and at Legaspi, in the southeastern tip, where Liberators unloaded 180 tons of explosives on port installations.

MacArthur's communique noted that enemy resistance in the south and central sectors of Luzon had "definitely abated due to his great losses which can not be replaced." Heavy fighting continued in the northern sector, however, particularly in the Baguio sector and around Balete pass to the southeast.

(A Domei agency dispatch, recorded by the FCC, said Japanese forces had recaptured the towns of Marikina and San Mateo, east and northeast of Manila. The report seemed highly questionable, however, as the

Americans have advanced at least 11 miles east of Marikina and nearly a similar distance beyond San Mateo. Marikina is five miles east of Manila and four miles south of San Mateo. (Domei also reported that American casualties on Zamboanga peninsula on Mindanao, reached 5,500 by March 25.)

Liberator bombers worked over virtually neutralized Port Moresby again Monday. Seventy-two tons of bombs ripped up the dock area and damaged ships undergoing repair at Takao, on the southwest coast. The previous night patrol planes set off a tremendous blast which lit up the entire Keelung water front.

### Meat Packers, OPA Conferring

WASHINGTON, March 29.—(UP)—The Office of Price Administration went into a huddle with meat packers today to see if some solution can be found for a price situation which packers said was causing them to "go broke or go black."

The conferences began as OPA boosted point values for pork, lamb and mutton for April, warning that further cuts in civilian meat supplies could be expected in May and June.

The suggestion that OPA get together with the meat packers was made by Chairman Elmer Thomas, D., Okla., of the special Senate food investigating committee following a week of hearings on the meat situation.

Thomas said he believed the evidence so far showed that unless OPA gave packers some sort of price relief, the armed forces would get 60 per cent less meat than they are now getting and "every tree will be a black market slaughterhouse."

Packers complained that OPA ceiling prices were forcing them to lose money. They accused OPA of causing both the meat shortage and the black market. Deputy Price Administrator James F. Brownlee, who appeared before the committee yesterday, took "violent exception" to the packers' charges. He challenged them to supply the "actual dollars and cents figures" on their profits and losses and said if OPA was wrong it would be glad to change.

### GOTTSCALK RESIGNS AS WELFARE DIRECTOR

INDIANAPOLIS, March 29.—(UP)—Governor Gates today held the resignation of Thurman A. Gottschalk of Berne as director of the State Department of Public Health.

Gottschalk resigned yesterday, effective as of Saturday, after heading the Welfare Department since March 23, 1937.

The recently-enacted welfare law of the 1945 General Assembly goes into effect Sunday, creating a new state public welfare board and giving the governor power to appoint a state administrator and three regional administrators.

Thus far, Gates has named only two members of the five-man board and has not selected the administrators. Joseph Andrew, Lafayette, heads the recreated board, with Fred Hoke of Indianapolis as the other already-named member.

### YANKS USE JET PLANES SAYS TOKYO

JAP RADIO ALSO REPORTS  
TRANSFERS OFF  
OKINAWA

GUAM, March 29.—(UP)—Tokyo said today that American jet planes joined carrier aircraft raids on the Japanese homeland and reported the arrival of invasion transports off Okinawa, 380 miles to the southwest.

A Japanese imperial headquarters communique indicated that a naval engagement may be underway around Okinawa, principal enemy base in the Ryukyu chain. The enemy announcement said its air and "surface" forces had sunk or damaged 30 American ships from Monday through Wednesday in the Okinawa area.

Tokyo radio said "feverish" fighting was continuing in the Kerama islands, west of Okinawa, with 20 to 30 American transports attempting to land reinforcements. It said other transports were south of Okinawa for "possible landing attempts" on Okinawa and Okino Daito, 250 miles to the southeast.

Pacific fleet headquarters remained silent on the enemy claims but said American warships and carrier planes damaged up to 19 Japanese ships and destroyed 38 planes in bombardment of the Okinawa area Sunday through Tuesday.

The bombardment, which included a heavy attack on the submarine pens at Uten bay on Okinawa's west coast, continued yesterday, a Pacific fleet communique said.

Japanese broadcasts said that several American carrier planes raided Kyushu, Shikoku and Honshu, three of the main enemy Home islands, today. The attack on Kyushu, southernmost of the Japanese mainland, was the second in as many days by carrier planes, according to Tokyo. The raid on Honshu, the broadcast said, was centered in the Kure naval base area, which was heavily hit by planes from a task force on March 19.

Tokyo also reported that 130 American "jet" planes attacked the southern and southeastern sectors of Kyushu yesterday (Japanese time) and described the raid as being aimed at Japanese airfields. It was the first time that American jet-propelled planes had been reported in action in the Pacific theatre.

Enemy reports both from Tokyo radio and the Domei News Agency claimed the air attacks on the Japanese Home islands and the bombardment of the Ryukus were in direct support of the landings in the Keramas.

The continuing heavy blows by the American naval forces along a front more than 500 miles long also brought grave warnings from Tokyo to the Japanese people.

"In consideration of the strength of the enemy task force now active in the Okinawa waters," Tokyo radio said, "the long-awaited decisive battle between Japan and America can be expected soon to take place in that area."

Admiral Chester W. Nimitz, in announcing the three day toll

exact in the Okinawa area, listed these results:

Ships: Damaged — three destroyers escorts; one large cargo ship, two medium cargo ships; two small cargo ships, eight to 10 luggers burned, one whale headed and burned, and many small craft wrecked.

Planes: 25 shot out of the air, 13 burned on the ground.

In addition the Pacific Fleet forces heavily damaged the Uten bay submarine pens and other ground and shore installations on Okinawa and raked selected targets through Kaiky island in the Keramas, and Amami and Tokune in the Amami group, 60 miles north of Okinawa.

### REDS ARRIVE AT FRONTIER OF AUSTRIA

SOVIET UNITS ARE ONLY 40  
MILES OR LESS  
FROM VIENNA

LONDON, March 29.—(UP)—A Moscow dispatch said today that Soviet tank vanguards were believed to have reached the Austrian border 40 miles or less southeast of Vienna.

A station identifying itself as the free Austrian radio said shortly before noon that Soviet troops "are crossing our frontier."

Marshal Fedor I. Tolbukhin's Third Ukrainian Army Group, advancing rapidly across northwestern Hungary against spasmodic resistance, was only nine miles from the border and 45 miles from Vienna late yesterday. "It was believed that armored units may have reached the border by this morning," a United Press dispatch from Moscow said.

Moscow said the Third and Fourth Ukrainian Army Groups were rolling along two highways skirting Lake Neusiedler southeast of Vienna.

There appeared little prospect that the disorganized, retreating Germans could halt the Russian drive short of the border, or even at Vienna's last ditch defense line anchored on Lake Neusiedler, the Hungarian town of Sopron and Bratislava, capital of Slovakia.

The defense line curves to within 20 miles of Vienna and may be reached by the Red Army within the next 48 hours. (The OWI said a dispatch in the Swedish Svenska Dagbladet reported that a state of emergency had been declared in Vienna and the city's outer fortifications alerted.)

Far to the north, medieval Panitzsch on the Baltic appeared about to fall to another Soviet army group, the Second White Russian. The Second Army Group cleared all western Danzig yesterday and captured the modern Polish port of Gdynia nine miles to the north.

Vienna was threatened by both the Third Ukrainian Army Group and Marshal Rodion Y. Malinovsky's Second Ukrainian Group, on its northern flank. Together, they captured nearly 200 towns and villages in advances of up to 13 miles on the curving 140-mile Hungarian front south of the Danube yesterday.

The Third Army Group shattered the enemy's Raba river defense line, next to the last natural defense barrier before Vienna, by forcing the stream in at least three places along a 30-mile front.

Tolbukhin's forces made the closest approach to Vienna after capturing the highway and railway junction of Czorna, 48 miles southeast of the Austrian capital, in a 10-mile advance, beyond the Raba. Czorna lies 29 miles from Lake Neusiedler and 30 miles east of Sopron.

Sarvar, 24 miles southwest of Szorna and 69 miles east of Craz, Austria's second largest city, also fell to the Third Army Group. This column was 185 miles east of Adolf Hitler's mountain-top retreat at Berchtesgaden.

The Second Ukrainian Army Group, advancing along the south bank of the Danube, captured the important junction of Győr, second largest industrial center in Hungary, and Komárom, 21 miles east of Győr. Győr is 22 miles northeast of Szorna.

The Baltic port of Gdynia, pre-war Poland's 12th largest city,

fell to the Second White Russian Army after an 18-day siege. The Russians broke into the city Tuesday and within 24 hours had smashed the last enemy resistance. More than 9,000 prisoners were taken.

In 1938, Gdynia handled 2,500,000 tons of shipping, a million tons more than Danzig.

### Germany Today

By United Press  
Three members of German Foreign Minister Joachim von Ribbentrop's "brain trust" were disclosed to have arrived in Sweden on an unexplained mission.

Adolf Hitler's newspaper said the war in Europe would be decided within the next few weeks.

### STRIKE CONTINUES

INDIANAPOLIS, March 29.—(UP)—The strike of more than 2,000 workers at the United States Rubber Company plant here entered its fourth day today as all negotiations to end the walkout paralyzing war production failed.

William Abel, president and business agent of the local rubber workers' union (CIO), said that the dispute was an outgrowth of management's refusal to apply similar discipline to a supervisor and a worker after a fight.

### 872,862 Casualties

WASHINGTON, March 29.—(UP)—U. S. combat casualties officially compiled here reached 872,862 today, an increase of 13,275 in a week.

The total included 780,043 army and 92,819 navy, marine corps and coast guard casualties.

### German Army Beaten--Stimson

WASHINGTON, March 29.—(UP)—The German army on the Rhine is beaten beyond hope of anything save unconditional surrender or piecemeal collapse, Secretary of War Henry L. Stimson said today.

However, he said, the Nazis might find some temporary line for an inner core of resistance when allied armies reach the end of their supply lines.

"If the allied armies are forced to fight from village to village to the destruction of all Germany, the German people must know also that their present leadership and they who tolerate it will bear the responsibility," Stimson told a press conference.

Stimson said one reason why the allied armies had little difficulty in crossing the Rhine was the fact that from D-Day last June 6 to March 23, allied forces captured 1,200,000 German prisoners in western Europe. This, he said, was in addition to German troops killed on wounded.

### Hitler To Deliver "Unusual" Speech

LONDON, March 29.—(UP)—The Evening Standard reported from Lisbon today that Adolf Hitler was expected to make an important speech within the next few days.

The report was attributed to the paper's Lisbon correspondent, who quoted Argentine diplomatic quarters as his source. He said the speech would be "unusual."

It added that the Germans had been hoping up to now that Japan would sue for peace first, thus placing the Wehrmacht in a position to say they didn't lose the war but were let down by their allies.

### YANK ARMORED COLUMNS ROLL TOWARD BERLIN

FIRST AND THIRD ARMIES  
RACE DEEP INTO HIT-  
LER'S REICH

PARIS, March 29.—(UP)—Armored columns of the American First and Third Armies rolled within 200 miles of Berlin today, advancing on the Hessian capital of Kassel at a mile-an-hour clip.

Flying tank columns of the two American armies were sweeping northeastward flank to flank in a breakneck drive across central Germany that apparently was headed for Leipzig and a juncture with the west-bound Red Army.

Thousands of demoralized Germans were falling into American hands as the two armies stabbed within about 40 miles of Kassel and 165 miles of Leipzig, two of the most important communications centers in the Reich.

Far to the northwest, the American Ninth Army slugged its way into the northwestern corner of the industrial Ruhr valley, Germany's last great war arsenal. Several Ruhr factory towns already were held by the Yanks and unconfirmed reports said they had entered Duisburg.

The Ruhr already was outflanked on the north by British and American tanks racing eastward across the Westphalian plain under a security blackout.

Radio Luxembourg said allied fliers reported sighting a British armored spearhead in Dülmen, 35 miles east of the Rhine and 16 miles southwest of the Westphalian capital of Münster. At Dülmen the British would be only 254 miles due west of Berlin.

Heavily-censored field dispatches made it clear that the German front had broken wide open along a winding 200-mile battle line extending perhaps 100 road miles beyond the Rhine on the American First and Third Army sectors.

Hundreds of allied tanks were out in front of the advancing infantrymen and plunging eastward through gaping breaches in the enemy lines on the main invasion roads to Berlin. The German retreat had broken into a rout everywhere except in the heavily built-up Ruhr basin, and it was becoming questionable whether they could reform for another stand short of their capital.

Lt. Gen. Courtney H. Hodges' U. S. Third Army advanced as much as 22 miles along a 15-mile front north and east of captured Gießen, 33 miles north of Frankfurt.

The Americans drove 16 miles north of Gießen along the Lahn river to capture the highway center of Marburg, and wheeled 6½ miles eastward to take Amoenburg. There they were 204 miles southwest of Berlin and advancing almost without opposition to the northeast.

The fall of Gießen gave the Americans one of the main German supply depots of the central front, but there was no immediate indication as to how much enemy equipment was captured.

Front reports quoted American fliers as saying the Germans were fleeing the area at top speed, abandoning everything that might slow their flight.

At least 13,000 prisoners were rounded up by the First Army's armored spearheads and infantry units mopping up in their wake yesterday. It was one of the

**CAN'T KEEP GRANDMA IN HER CHAIR**  
She's as Lively as a Youngster—Now her Backache is Better

Many sufferers never hanging backache quickly, none they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day.

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headache and dizziness. Frequent or scanty passages with smarting and burning sensation shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 13 rules of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

### Bert Loses the War Single-Handed

Bert Childer's house burned down last week, and the only good thing that came out of it was it cured him of swearing. Bert just couldn't think of words to fit the occasion, so he just gave up.

Bert admits it was his own fault. Started with a field fire which he thought he had under control, and when he turned his back a minute for a breathing spell, the fire sprang up twice as fierce. By the time the firemen arrived, there wasn't much that they could do.

From where I sit, there's a moral in Bert's experience. A lot of us feel we've got the fires of this war under control... that we can relax a little, maybe let up on buying bonds, donating blood, or fighting inflation.

Just like Bert lost his fight against the fire, we can lose this fight against our enemy if we let down now. Because war, like fire, is never over till the last spark is extinguished.

Joe Marsh

## INSPECTOR AT WAR PLANT WAS NERVOUS, HAD POOR DIGESTION

Mr. Clarence E. Evans, 903 S. Brady St., Muncie Ind., Has High Praise For Vol-Vin -- Says He Now Eats And Sleeps Better, Has More Pep, Feels Better All Over.

Every day, more and more people are learning that they do NOT have to go on suffering from ill of stomach, liver, kidneys, and bowels due to faulty elimination. They are getting at the CAUSE of such miseries by taking fast-acting Vol-Vin — like Mr. Evans, who reports:

"Vol-Vin IS Just What They Say It Is"

"I want to give this testimony about Vol-Vin. I am an inspector at a war plant here in Muncie. Before taking Vol-Vin, I was nervous and run down. Digestion and sleep were poor. But now, thanks to Vol-Vin, my work is much more pleasant. I eat and sleep better, bowels are more regular, and I have more pep and feel better generally. This fine Vol-Vin medicine is just what they say it is."

**Do You Need Vol-Vin?**

Check your symptoms on this chart. If you have no organic or systemic ailment, yet suffer from any of these common miseries, your trouble is most likely due to faulty elimination — and Vol-Vin can bring you fast relief.

- ( ) Bloating Gas
- ( ) Sour Stomach
- ( ) Indigestion
- ( ) Dizzy Spells
- ( ) Backache
- ( ) Headaches
- ( ) Night-Rising
- ( ) Low Energy
- ( ) Poor Sleep
- ( ) Muscle Aches
- ( ) Leg Pains
- ( ) Low Spirits
